

Infinity 1 Quick Build Kit Order Form

*"The **Infinity 1** is a generation beyond ANYTHING flying !", proclaimed by the Oshkosh 1991 Grand Champion.*

We are nearing completion of all RDT & E (Research, Development, Test and Evaluation) of the final *Infinity 1* prototype. As you know, the interest and response to the *I-1* has been tremendous.

HERE'S THE DEAL -- Deposit and SAVE: The price of the *Infinity 1* Quick Build Kit Sport Aircraft will be going up when production starts, so don't delay. You can't build ANY scratch built air-frame with tri-cycle electro-hydraulic retractable landing gear for these prices, or ANY other quick build kit that comes to you this complete for that matter, with these cruise speeds! AND . . . this Kit comes to you with the wings, winglets and canard already pre-molded, completed and in primer paint -- you just add the pre-molded flight controls; the fuselage and strakes come to you complete as a top and bottom pre-molded tub in primer paint, you just put in the pre-molded bulkheads and systems, put on the top fuselage and strake half, firewall aft, the panel, paint it, and you're ready to fly!

<i>Infinity 1</i> Quick Build Kit Price	\$39,995.00
Refundable Deposit	- 1,000.00 Check #: _____
Total Balance Due	\$38,995.00 plus applicable Sales Tax, and S & H

It's that simple! The Total Remaining Balance is due prior to delivery [plus appropriate Sales Tax (if applicable), and Shipping Charges (method to be determined by you)]. You have nothing to lose! The money is deposited in a trust / escrow account.
